

U.S. COAST GUARD

CPOA 44TH ♦ ♦ CGEA 12TH
ANNUAL NATIONAL CONVENTION
Long Beach, CA August 2012

Welcome Aboard!

Welcome to the 44th Annual Coast Guard Chief Petty Officers Association Convention

Welcome to the 44th Annual CPOA Convention and the 12th Annual CGEA Convention here in sunny SOCAL, home to Hollywood, Disneyland and the Beach Boys. With all there is to do and see, some may find there are just not enough hours in the day to fit it all in. Hopefully, you've decided to stay through Friday, maybe get in a round of golf at the LA/LB sponsored golf tournament or just play tourist. In any case, this will be a great week...

A special welcome to all our Gold Lifetime Members and our Past Presidents ~ once again, YNC Alex Chapman, our 17th GLM, has bested his own CPOA Convention attendance record! We also extend a warm welcome to MCPO-CG Mike Leavitt and MCPO-CGRF Mark Allen, our two guest speakers. Randy Reid, our Executive Director, is also in attendance and is looking forward to meeting as many of our members as possible so please take a moment to welcome him.

We have a lot of work to do this week, culminating in the installation of our newly elected Regional Advisors ~ YNC Jon Shipp (Ret), ITCM Al Bumgardner and HSCS Ty Anderson, and our new CGEA Officers ~ YN1 Clara Whitehead, SK1 Phil Stone (Ret), BM2 Joseph Stoltz and YN2 Carly Beer on Thursday afternoon. Since we only have three days to accomplish what we usually do in five, please plan on arriving by 0750 each day so we can start on time. The uniform for active duty attendees at the Opening Ceremony is Tropical Blue, and it is recommended that those who plan on attending the Dinner on Wednesday night wear Bravos or the civilian equivalent. YNC Tim Mooney will be serving as our MAA, so any infractions will be noted and fines collected by him to benefit the CCCAF ~ as always, if your cellphone rings while we're in session, your wallet is going to be \$20 lighter.

LA/LB Chapter as gone all out to show us why their Base is considered "the best kept secret on the West Coast". They extend an invitation for everyone to join them on Tuesday evening at the Base for a cookout and horseshoe tournament (rumor has it that the prizes are a "must see"!). The grill will be hot ~ courtesy of the CWOA, and the libations plentiful. Transportation will be provided and the Base Exchange has extended their hours so plan on enjoying Base LA/LB's hospitality.

In closing, enjoy the wonderful weather, keep the sunscreen handy and have a great time at Convention.

Kim Lorigan
CPOA Nat'l President

Welcome to Long Beach

Long Beach is situated in Los Angeles County, on the Pacific coast of the United States. The city is the 36th-largest city in the nation and the seventh-largest in California. As of 2010, its population was 462,257. Long Beach is located about 20 miles south of downtown Los Angeles and 105 miles north of San Diego.

The city is a dominant maritime center of the United States. It wields substantial influence critical to the global economy. The Port of Long Beach is the United States' second busiest container port and one of the world's largest shipping ports. The city also maintains a large oil industry with the substance being found both underground and offshore. Manufacturing sectors include those in aircraft, car parts, electronic and audiovisual equipment, and home furnishings. It is also home to headquarters for corporations including Epson America, Molina Healthcare, and SCAN Health Plan. Long Beach has grown with the development of high-technology and aerospace industries in the area.

Indigenous peoples have lived in coastal southern California for at least ten thousand years. During the late 18th century, the area was under Spanish rule. During the mid to late 19th century the area was home to a thriving cattle ranch, which in the late 1850's was the largest in the US, and as many as 30,000 sheep. The City of Long Beach was officially incorporated in 1897.

The town grew as a seaside resort with light agricultural uses. The Pike was the most famous beachside amusement zone on the West Coast from 1902 until 1969, it offered bathers food, games and rides, such as the Dual Ferris Wheel and Cyclone Racer roller coaster. Gradually the oil industry, Navy shipyard and facilities and port became the mainstays of the city. The discovery of the Long Beach Oil Field, brought in by the gusher at the Alamitos No. 1 well, made Long Beach a major oil producer; in the 1920s the field was the most productive in the world. In 1932, the even larger Wilmington Oil Field, fourth-largest in the United States, was developed, contributing to the city's fame in the 1930s as an oil town.

The city was the site of "The Los Angeles Air Raid of 1942" during World War II, when observers for the Army Air Corps reported shells being fired from the sea. Anti-aircraft batteries fired into the night sky, although no planes were ever sighted.

Before the war, Long Beach had a sizable Japanese-American population, who worked in the fish canneries on Terminal Island and owned small truck (produce) farms in the area. Due to exaggerated fears on the coast and racial prejudice, state officials persuaded the national government to remove Japanese nationals and Japanese Americans for internment in 1942 to inland facilities. Most did not return to the city after their release from the camps. Due to this and other factors, Japanese Americans now make up less than 1% of the population of Long Beach, but the Japanese Community Center and a Japanese Buddhist Church survive. The Japanese-American Cultural Center is located over the Gerald Desmond Bridge and the Vincent Thomas Bridge in San Pedro.

Convention Dedication

On 22 October 2011 the Yorktown Chapter lost a friend and a true shipmate. PSCM Adrian H. Rymer passed away peacefully surrounded by his family.

Master Chief Rymer, 82, was a lifetime member of the Coast Guard Chief Petty Officers Association, and an active member of the Yorktown Chapter. He served for many years as the National CPOA Chaplain. Many past Yorktown Presidents sought him out for guidance and assistance. Master Chief served for many years as a member of the Yorktown Chapter's Board of Directors, and was a frequent contributor to the Chapter's newsletters. Adrian was instrumental in standing up the Retiree Council for the Yorktown area and this council has been recognized as the model for others to follow. He always kept the Chapter informed of National Retiree Council issues.

Master Chief was a longtime friend and mentor to many in the Coast Guard and Coast Guard Reserve. He had a wonderful way of managing "up". Having retired from the D.C. Metropolitan Police Department, Adrian often talked about his experiences within the police department and how they related to other parts of our lives. Adrian went out of his way to show love and compassion to those around him.

Master Chief Rymer was an ever present fixture at Training Center Yorktown. You would see him almost daily in the gym, the Cyber Café, during important events and manning the phones in the Retiree Council Office. He was "Always Ready" to help anyone who needed his assistance. He will be deeply missed by all who knew him. Master Chief Rymer is survived by his loving wife of sixty years, Tomoko, three children; Flo, Karen, and Michael, and five grandchildren, Adria, Allison, Chris, Hillary and Noah.
